Your Privacy Rights:

We will not share any Personal Data with third parties for their direct marketing purposes to the extent prohibited by law. If our practices change, we will do so in accordance with applicable laws and will notify you in advance.

Interest Based Advertising:

Interest based advertising is the collection of data from different sources and across different platforms in order to predict an individual’s preferences or interest and to deliver to that individual, or his/her computer, smart phone or tablet, advertising based on his/her assumed preference or interest inferred from the collection of data pertaining to that individual or others who may have a similar profile or similar interests.

We work with a variety of third parties to attempt to understand the profiles of the individuals who are most likely to be interested in our Services so that we can send them promotional emails or serve our advertisements to them on the websites and mobile apps of other entities.

These third parties include:

- (i) advertising networks, which collect information about a person’s interests when that person views or interacts with one of their advertisements.
- (ii) attribution partners, which measure the effectiveness of certain advertisements; and
- (iii) business partners, which collect information when a person views or interacts with one of their advertisements.

In collaboration with these third parties, we may collect information about our customers, prospects and other individuals over time and across different platforms when they use these platforms or interact with them.

Individuals may submit information directly on our Sites or on platforms run by third parties, or by interacting with us, our advertisements, or emails they receive from us or from third parties. We may use special tools that are commonly used for this purpose, such as cookies, beacons, pixels, tags, mobile advertising IDs, flash cookies, and similar technologies.

We may have access to databases of information collected by our business partners.

The information we or third parties collect enables us to learn what purchases the person made, what ads or content the person sees, on which ads or links the person clicks, and other actions that the person takes on our Sites, or in response to our emails, or when visiting or using third parties' platforms.

We, or the third parties with which we work, use the information collected as described above to understand the various activities and behaviours of our customers, Site visitors and others.

We, or these third parties, do this for many reasons, including:

- (i) to recognise new or past visitors to our Sites
- (ii) to present more personalised content
- (iii) to provide more useful and relevant ads – for example, if we know what ads you are shown we can try not to show you the same ones repeatedly
- (iv) to identify visitors across devices, third party websites and sites; or
- (v) to display or send personalised or targeted ads and other custom content that is more focused on a person's perceived interest in products or services similar to those that we offer

Our interest-based advertisements may be served to you in emails or on third-party platforms.

We may serve these advertisements about our products or services or send commercial communications directly ourselves or through these third parties.

Visitors may opt out of receiving interest-based advertising by advertising networks that may be delivered to them on our platform and other websites by visiting the following websites:

<https://tools.google.com/dlpage/gaoptout>
<https://www.facebook.com/help/146952742043748>

These features will opt a Visitor out of many – but not all – of the interest-based advertising activities in which we or third parties engage.

Third Party Cookies

We are legally required to disclose whether other third parties may collect personally identifiable information about an individual's online activities from our Site or Service.

The information gathered by these third parties is used to make predictions about your interests or preferences so that they can display advertisements or promotional material on this Site and on other sites across the Internet tailored to your apparent interests.

The business partners and advertising networks that serve interest-based advertisements on the Services have limited access to a small amount of information about your profile and your device, which is necessary to serve your advertisements that are tailored to your apparent interests. It is possible that they may reuse this small amount of information on other sites or services.

We do not share with these third parties any information that would readily identify you (such as email address); however, these third parties may have access to information about your device (such as IP or MAC address). We do not have access to, or control over, the technologies that these third parties may use to collect information about your interests, and the information practices of these third parties are not covered by this Privacy Notice. Other than as discussed in this document, we have no control over these third parties.

If you have any question regarding this topic, please contact us as indicated in the ["How to Contact Us"] section. Please be aware that, although we offer this deletion capability, the removal of content may not ensure complete or comprehensive removal of that content or information.

Data Security

We follow generally accepted industry standards to protect the information submitted to us, both during transmission and once we receive it.

We maintain appropriate administrative, technical and physical safeguards to protect Personal Data against accidental or unlawful destruction, accidental loss, unauthorised alteration, unauthorised disclosure or access, misuse, and any other unlawful form of processing of the Personal Data in our possession. This includes, for example, firewalls, password protection and other access and authentication controls. We use TLS technology to encrypt data during transmission through public internet, and we also employ application-layer security features to further anonymise Personal Data.

However, no method of transmission over the Internet, or method of electronic storage, is 100% secure. We cannot ensure or warrant the security of any information you transmit to us or store on the Service, and you do so at your own risk.

We also cannot guarantee that such information may not be accessed, disclosed, altered, or destroyed by breach of any of our physical, technical, or managerial safeguards. If you believe your Personal Data has been compromised, please contact us as set forth in the “How to Contact Us” section. If we learn of a security systems breach, we will inform you of the occurrence of the breach in accordance with applicable law.

Data Retention

We only retain the Personal Data collected from a User for as long as the User’s account is active or otherwise for a limited period of time as long as we need it to fulfil the purposes for which we have initially collected it, unless otherwise required by law. We will only retain and use information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

Privacy Settings

Although we may allow you to adjust your privacy settings to limit access to certain Personal Data, please be aware that no security measures are perfect or impenetrable. We are not responsible for circumvention of any privacy settings or security measures on the Service. Additionally, we cannot control the actions of other users with whom you may choose to share your information.

Further, even after information posted on the Service is removed, caching and archiving services may have saved that information, and other users or third parties may have copied or stored the information available on the Service. We cannot and do not guarantee that information you post on or transmit to the Service will not be viewed by unauthorised persons.
